

Lifetime Limited Waterproof Warranty

The floor plank or tile is warranted to be 100% waterproof and the structural integrity of the floor plank or tile will not be significantly diminished by exposure to water for the life of the product. While moisture will not affect the floor's integrity, it is probable that, when excessive moisture accumulates in buildings or on building materials, mold (and/or) mildew growth can occur (particularly if the moisture problem remains undiscovered or unaddressed). Moisture warranty excludes damage resulting from mold and/or mildew growth due to prolonged exposure to moisture from excessive vapor emissions, hydrostatic pressure, plumbing or appliance leaks, or flooding from natural causes. This warranty is not transferable by the purchaser of the floor.

Kraus Enstyle warrants any Lifetime Limited Waterproof Warranty products for vapor emissions rates up to 10 lbs per 1000 ft² in a 24 hour period using Calcium Chloride test standard ASTM F1869-16 and up to 95% relative humidity in floating installations.

Test Report		Report Number: 160225008SHF-BP-1R2
Test Items, Method and Results:		
Test Item	Test Method	Test Result
Thickness swell ¹	NALFA LF 01-2011 section 3.2	Average: 0.30%
Dimensional Tolerances	NALFA LF 01-2011 section 3.8	Length ¹ : Claimed value: 1210 mm Max.: 1209.94 mm Min.: 1209.90 mm
		Width ¹ : Claimed value: 190 mm Max.: 190.06 mm Min.: 190.05 mm
		Thickness ¹ : Claimed value: 5.0 mm Max.: 5.08 mm Min.: 5.04 mm
		Squareness ² : Max.: 0.20 mm
		Straightness ¹ : Max.: 0.07 mm
