Engineered Luxury Vinyl Tile

NextGen Core™

This Engineered Luxury Vinyl product features our exclusive rigid core technology, NextGen Core. Our core was developed using extruded stone, instead of thermoplastics, to offer maximum strength and dimensional stability. NextGen Core is perfect for all North American climates and any residential space – kitchens, bathrooms and basements included.

DiamondTouch™

All Engineered Luxury Vinyl products are coated with a durable finish. The microscopic diamond particles are embedded in the layers of the UV cured DiamondTouch finish to help protect the surface finish from premature wear.

Performance Edition Underlayment

Our attached Performance Edition Underlayment eliminates the need for a separate underlayment while improving the acoustic qualities of this Engineered Luxury Vinyl. This underlayment helps to smooth out minor subfloor imperfections and offers exceptional underfoot comfort.

flooring.com

FloorScore

Meets Indoor Air Quality Product Performance Standards for Building Interiors. CA Section 01350 and SCS EC10.3-2014.

5G Insta-Loc™

Designed as one of the easiest and most convenient installation methods, 5G Insta-Loc technology is resilient and durable, providing superior performance and dimensional stability over time.

Lifetime Limited Waterproof Warranty

This flooring is warranted to be 100% waterproof and the structural integrity of the floor will not be significantly diminished by exposure to water for the life of the product.

Lifetime Residential Finish | 12 Year Medium Commercial | Lifetime Limited Waterproof Warranty

important information about vinyl flooring

Engineered Vinyl flooring is a beautiful reproduction of wood and therefore variations in colour, tone and graining are to be expected. Please note that the display samples may not always be a true representation of the final product. For this reason, new and/or replacement flooring may not exactly match display samples and/or existing flooring. Product image colours may vary due to print processes and monitor display settings. Please see installation instructions for full details. See krausflooring.com for latest specifications.
