TRIM OPTIONS

CARTON CONFIGURATION

- Pcs/Carton:** 10 | 36.9 lbs/carton
- Packaging:** 19.4 sq.ft./carton | 48 cartons/pallet

FEATURES

- DiamondTouch™** the UV cured DiamondTouch finish helps protect the surface finish from premature wear.
- NextGen Core™** was developed using extruded stone, instead of thermoplastics, to offer maximum strength and dimensional stability.
- Performance Edition Underlayment** eliminates the need for a separate underlayment while improving the acoustic qualities.
- 5G Insta-Loc™** Designed as one of the easiest and most convenient installation methods, 5G Insta-Loc technology is resilient and durable, providing superior performance and dimensional stability.
- Sound Rating** - IIC rating of 70
