Limited Warranty Descriptions

WEAR: Wear or wear out is defined, for purposes of this warranty, as wear to the extent that the flooring's wear layer is completely worn through and the pattern is lost by normal traffic. Normal use is defined as common daily activities in the home. Loss of gloss, scratching and dulling are maintenance concerns and are not covered. Damage from improper furniture rests or narrow heels is considered abuse and is not covered. Women's narrow-heeled shoes can cause permanent damage to many types of flooring, including resilient, wood and ceramic, as well as carpeting.

MANUFACTURING DEFECT: Manufacturing defect is defined, for purposes of this warranty, as a visual or construction deficiency resulting from the manufacturing process.
